

**These directions are for the Farmhouse and Steve and Susan's house. Just follow the directions to the particular location to which you are headed.**

**From Danville:**

1. Turn between the Town Hall and the General Store (LEFT if coming from Montpelier, RIGHT if coming from St. Johnsbury).
2. Go to North Danville. The road bends sharp right immediately past the church and school on your LEFT.
3. Within two hundred yards you cross a small concrete bridge over a brook. IMMEDIATELY take the LEFT fork that bears up a steep hill (the main road continues on to the right). Careful of oncoming traffic on the main road as you veer off to left.
4. Keep bearing LEFT (the road forks again just a few yards later) onto Tampico Road.
5. This road will continue straight until you get to the farm. It is approximately 4 miles from North Danville. The road will climb until you get to Tip Top Farm and then drop.
6. About one mile past Tip Top Farm you will get to the first High Reach Farm building on your left (garage sits out on the road, house sits back). This is **Steve and Susan's house**. If going here, go to the left of the house down to the lower section and to the first door.
7. For the Farmhouse, stay on the same road and go through the four corners.
8. **The Farmhouse** is on the left one mile past the four corners. There is a red house on your right just beyond the Farmhouse.

**From I91 and St. Johnsbury:**

1. Take Exit 21 and follow the signs for Rt. 2 (Danville, North Danville, Montpelier).
2. Watch carefully for a small sign on your RIGHT that indicates a turn for North Danville. Follow this road into North Danville.
3. You will get to an area where there is a small settlement of houses (N. Danville). You may see a small hydro plant (a wooden building on the creek) on your LEFT and within a few yards you will see that the road is about to cross a brook. There is a small old storage shed sitting right snug up next to the road right at the bridge that crosses the creek. Right there, don't cross the creek, but take a sharp hairpin RIGHT turn and climb up the hill (leaving the main road). You'll only go a few yards and then...
4. Follow directions starting with #4 above.

If you get lost or are unsure – ask for Steve Parker's place or call:

748-3512 (Steve and Susan's house).

274-2740 (Susan's cell)

751-9050 (Steve's cell)

Before calling, make sure you can identify distinctive landmarks (road signs, church, school, or store).
