

Learn the Beginning Basics of Graphic Recording

Create flip charts with flair!

with

Angelique McAlpine

Tuesday, June 28 at High Reach Farm in Danville, VT

9:30am - 3:30pm

Registration deadline - Friday, June 17th.

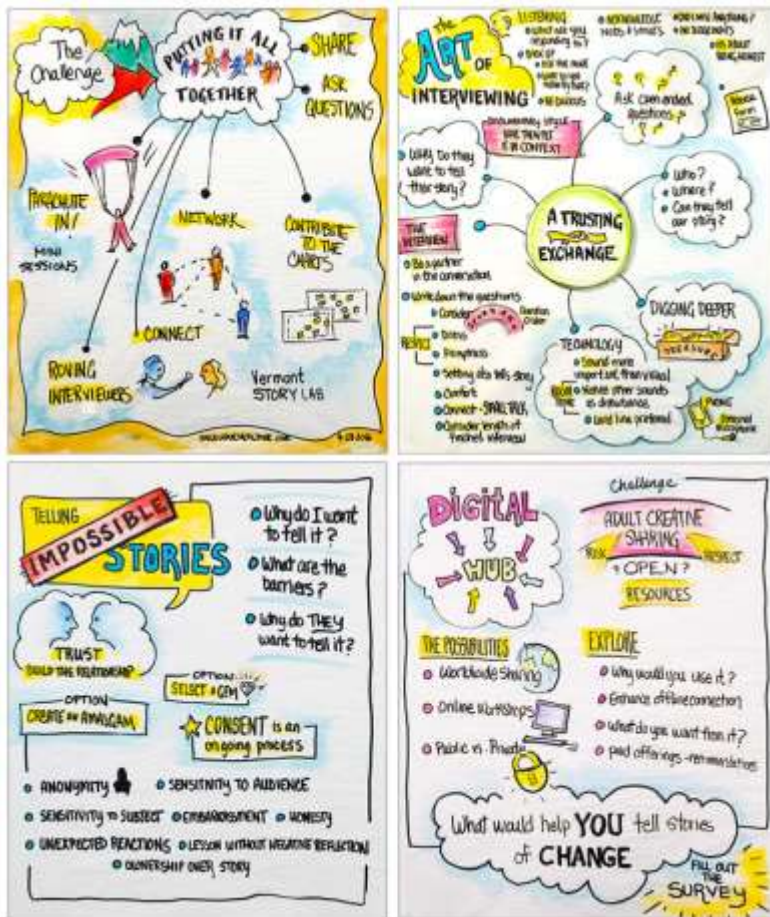

Can't draw a straight line? GREAT, that's exactly where we are starting!

Beginners and established doodlers are welcome.

Markers and flip chart paper supplied, please bring an easel if you have one.

In the workshop you will

- Learn to approach writing on a wall or flip chart with your entire body engaged.
- Learn to “listen and scribe” to capture the “nugget” of an idea.
- Improve and expand your lettering by learning a variety of techniques.
- Learn to draw basic shapes and icons to communicate simple and complex ideas.
- Develop strategies for organizing and displaying information, and combining text and illustration to show ideas with impact.
- Integrate color into your organization, lettering and coloring for strong effect, but with maximum speed.

We'll practice skills until you are confident and your mind-body connection is strong. You'll come away with a new toolkit of skills you can bring to your meetings, and easily practice and expand on your own, as well as resources if you'd like to dig in deeper or share your new skill set with colleagues.

Angelique McAlpine is a professional graphic recorder living in Vermont. She believes we can always improve our ability to share information, no matter our starting point. She loves to record (scribe) because of the effect it has on facilitating group process, and deepening the engagement of individuals.

Cost: \$199 (includes welcome coffee, handout, light lunch & snacks).

Location: The Farmhouse at High Reach Farm, Danville, VT
